Form PCT/ISA/210 (second sheet) (July 1992)

Box I	Observations where certain claims were found unsearchable (Continuation of item 1 of first sheet)		
This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:			
1.	Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:		
2.	Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:		
3.	Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).		
Box II	Observations where unity of invention is lacking (Continuation of item 2 of first sheet)		
This Int	ernational Searching Authority found multiple inventions in this international application, as follows:		
S	ee supplemental sheet		
1.	As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.		
2. X	As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.		
3.	As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:		
4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:			
Remai	rk on Protest  The additional search fees were accompanied by the applicant's protest.  No protest accompanied the payment of additional search fees.		

Form PCT/ISA/210 (continuation of first sheet (1)) (July 1992)

## Box II.2

The International Searching Authority has determined that this international application contains multiple (groups of) inventions, namely:

1. Claims 1-5, 12 and 13

Use of compounds of formula (I) as flavourings; novel compounds of formula (I) and the preparation thereof.

2. Claims 6-11

Preparations for consumption, nutrition and oral hygiene, containing a compound of formula (I).

3. Claims 15 and 16

Use of compounds of formula (I) in cosmetic or dermatological compositions, and cosmetic and dermatological compositions containing compounds of formula (I).
